

WHY MERCHANT SERVICES?

Payments are critical to the health of your business. And in the eyes of customers, you've got one shot to get it right. It takes the ability to move at the speed of commerce, accepting both well-known and lesser-known payment methods.

WHY WE PARTNERED WITH FITECH?

Fitech is highly regarded as a community bank service provider, offering comprehensive payment products via the bank to merchant relationship. This partnership enables us to deliver payment acceptance equipment, payment processing services, and business intelligence reporting direct to you.

WHAT YOU CAN EXPECT:

- The ability to accept multiple forms of payment, anywhere, anytime. Run your business in-store, online, or on the go, catering to the payment preferences of your customers, from mobile wallets like Apple Pay®, Google Pay™, and Samsung Pay to EMV chip cards.
- Payment hardware and software that makes the most sense for your business. We deliver the right mix of payment equipment tailored to your specific business needs. We don't push product, we take the time to learn your priorities and recommend only what is needed.
- Reports that are easy to pull, interpret, and act upon, making your job as a business owner much easier.
